News Reading Competition-2023

Classes: IV, V

News is one of the most important things in most people's lives. Competition in the school is an essential element in every learner's life.

Competitions play a role in motivating children to perform and excel and offer a lot more rewards than just winning a prize.

The objective of the competition was to encourage children to improve their reading skills and enhance general awareness.

In this competition, young minds proved their talent in pronunciation, clarity, fluency and exhibited their confidence. The competition will help them to find their hidden English potential and build their communication skill.

Children participated earnestly in the competition and we're congratulated for their cheerful delivery of news and striking performance.

Their efforts and initiatives were appreciated by one and all
